

Charge City Engineer with Malice Amounting to Fraud

Contractors Make Serious Allegations Regarding Actions of City Employees With Relation to Civic Contracts.

Charges of obstruction amounting to breach of contract and fraud were made against the city engineer's department by the city council meeting company at the city council meeting last night, and as a result of the charges an investigation into the affairs connected with the city sewer contract will be commenced at 2.30 this afternoon in the city hall. Aldermen Bellamy, Manson, Smith and Griesbach are the committee of investigation.

J. D. Hyndman appeared for the contractors last night and in placing their case before the council read the following statement:

Edmonton, Alta., Nov. 1, 1906.
IN THE MATTER OF Contract for construction of sewers between The E. J. Taylor Construction Company and the City of Edmonton.
To His Worship the Mayor, and Aldermen of the City of Edmonton:

We, the contractors above mentioned beg to state to your Honorable Body that owing to the lack of fair treatment from the officers appointed by the City to inspect the construction of the works carried on by us, we are practically unable to continue the construction of the works with the hope of making any profit whatever, and have come to the conclusion that by reason of such treatment a breach of the contract has been made by the City and as a consequence we feel that we are not obliged to continue the works.

We contend that the unreasonable and unbusiness-like conduct and the evident desire to obstruct on the part of the engineer or his inspectors, or both, amounts to fraud and is a cause justifying us to cancel our contract and claim damages for the profits which we naturally should make. The incidents in proof of our contentions are too numerous to mention at this time, but we feel that

Census Returns

SHOW CITY'S RAPID GROWTH

Gained Nearly Ten Thousand People In Five Years

According to the Calgary Albertan the final census returns give Edmonton a population of 11,163, an increase of 9,537 during the past five years. The population of other Alberta cities and towns are given by the Albertan as follows:

| | |
|--------------|--------|
| Calgary | 14,203 |
| Medicine Hat | 3,029 |
| Lethbridge | 2,926 |
| Strathcona | 2,921 |
| Wetaskiwin | 1,632 |
| Raymond | 1,568 |
| Red Deer | 1,418 |
| Frank | 1,178 |
| High River | 1,144 |
| Lacombe | 1,018 |
| Carlton | 1,001 |

it is only in justice to your Honorable Body, whom we believe has no direct knowledge of such conduct, that we give in some detail one or two charges which we are prepared to substantiate, should it be necessary to do so:

(1) The quantity of cement used under the orders of the inspector of the works exceeds the amount settled upon between ourselves and the Council by 1.78 sacks in every running foot; each sack is of the value of \$1.00. This item refers to the first week of the largest contract and in the last two weeks' estimate there were 176 lineal feet, equivalent to \$314 loss on cement alone. This is over and above the extra amount lately allowed by your Honorable Body to the contractors. The excess quantity of cement is absolutely unnecessary and we can arrive at but one conclusion, namely that the orders of the engineer were actuated by malice and were altogether unfair, unbusiness-like and unwarranted.

(2) On sewers 6 and 9 on First street, the extra cement ordered by the inspector amounts to .93 sacks per lineal foot over and above the quantity agreed upon between the Council and ourselves and the remarks in the preceding paragraph refer to this.

(3) Owing to the unreasonable, unbusinesslike and arbitrary conduct on the part of the engineer, or his inspectors, or both, the contract-

Asphalt Pavement

FOR STREETS IN CALGARY

Council Passes Motion to Begin Laying by June 1st Next

Calgary Albertan.—There was a record-breaking crowd in attendance at the council meeting last night. The back benches were all crowded and the overflow stood around the walls. This unusual audience stimulated the aldermen to a pitch of eloquence and watchfulness. A little was done and more was left undone.

In brief it was decided to pave Eighth avenue with asphalt, work to begin not later than June 1st next year. The next council will probably re-open this.

The city engineer reported that he found asphalt the most suitable pavement for this city. It will cost \$88,000 to cover Eighth avenue from Sixth street west to Sixth street east.

Ald. Watson thought the question of pavement should be left open until the street railway matter was decided. Ald. Clark urged that one block of the side streets should be paved also.

Ald. Pittman, seconded by Ald. Watson, moved that Eighth avenue as above, also one block north and south on First street west, Centre street, First and Second streets east be paved with asphalt, and that the work be started not later than June 1, 1907. It was carried.

Will Sue City

TO RECOVER DAMAGES

Al. Brown Gives Notice of Action to Recover Damages on Account of Conflicting Grades

Mr. Al. Brown is going to sue the city for large damages for having been given conflicting grades for his livery stable on Namoye.

At last night's council meeting a letter was read from Brown and McDonald, solicitors for Albert and Martha Brown, stating that action had been commenced, which letter was turned over to the city solicitor without debate, the city thereby accepting suit.

The plaintiffs make two different kinds of claims. In the case of the Martha Brown property they claim that depreciation and loss of rent amount to \$2,100, but that the cost of raising the building, excavating, replacing it on the street level and building a retaining wall at the rear end of the lot would be \$1,370. In the case of the Al. Brown property the figures are set at \$2,100 and \$1,529.60 respectively.

Settler Killed

FELL FROM HIS WAGON

Galician Settler Near Leduc Met With an Accident on Saturday

Leduc Enterprise.—An incident which ended fatally occurred in town on Saturday night when Andrew Deblonka, a Galician who resided some eight miles from Leduc, fell from his wagon, injuring his body, which resulted in paralysis of his body. The unfortunate man had finished his shopping and after loading all his merchandise into the wagon reached over the seat to adjust something at the rear, when in some unaccountable manner he slipped and fell to the ground with the above mentioned result. Dr. Sutherland was called on Sunday morning and prescribed for him in the hope of reviving the injured man, but pronounced the case as almost hopeless. He was conveyed to his home on Sunday afternoon from the Waldorf hotel, where he had been taken after the accident. He remained conscious to the end and was able to converse with his friends who did not realize that death was so near, until his spirit took its flight at nine o'clock on Monday morning. These are left to mourn the loss

Railway Accidents

IN THE UNITED STATES

Nearly Two Thousand Fatalities During Past Three Months

Bulletin Special.

Washington, Nov. 1.—According to the accident bulletin for the past three months, issued by the Interstate Commission, the number of passengers killed in the United States, was 1,949 against 249 in the preceding three months. The total number of collisions and derailments was 3,103. The damage to cars, engines and road way by these accidents was over \$2,000,000. The number of employees killed in coupling and uncoupling was 68, a slight decrease compared with the corresponding period last year.

Great Reception

TENDERED HON. W. S. FIELDING

Minister of Finance Enthusiastically Greeted in the Nova Scotia Capital

Bulletin Special.

Halifax, N.S., Nov. 1.—Hon. W. S. Fielding returned to the city tonight from SShelburne and Queens and was accorded a magnificent reception by the Liberals of Halifax, many of whom were at the train to greet him. Mr. Fielding, accompanied by many friends proceeded to the Masonic hall which was crowded and where a public meeting was held. Mayor McIlwraith presided and in a few words introduced Mr. Fielding and when the Finance Minister rose to speak the band played "See the Conquering Hero Comes" which was followed by a great outburst of applause.

Incinerator Site

CORNER CLARKE & SYNDICATE

Selected by Commissioners as Correct Location for Garbage Destructor

Bulletin Special.

At last night's council meeting the Commissioners read a report recommending the submission to the rate-payers of a by-law for \$40,500 for the purpose of building the de Carey incinerator, lately ordered by the city council from the manufacturers in Minneapolis.

In the recommendation the site fixed upon was the corner of Clark and Syndicate, on the property belonging to the city, lying to the south of the C.N.R. and the G.T.P. right-of-way and just across the track from the city freight sheds. The plan submitted with the by-law also proposes that the city stables when such are necessary, shall be built on the same grounds.

The recommendation was accepted and the by-law will be prepared for submission to the rate payers in the near future.

STRATHCONA REPRESENTATIVE.

Mr. D. S. McRae has been appointed representative of the Bulletin in the town of Strathcona. Mr. McRae is an experienced newspaper man and news from the town across the river will be one of the features of this paper in future. Mr. McRae will reside in Strathcona.

CRIMINALS SENTENCED.

Bulletin Special.
Winnipeg, Nov. 2.—At the assizes yesterday Chief Justice Powell passed sentence on five of the prisoners convicted to date. The two Galicians, Danylo Korymlo and Michael Hyduk, convicted of manslaughter, were sentenced to five and four years respectively. John Thomas, on two charges of theft was sentenced to seven years. Delphis Ekime for shop-breaking received five years and A. C. Bonner on three indictments for horse-stealing, wounding with intent and jail breaking received three years and four months.

Klondike King

IN EDMONTON TODAY

Mr. Alex. McDonald Buys Stone Quarry and Coal Mines in Central Alberta

Alex. Macdonald, "the Klondike King," first shipper of gold from the bonanza camp of the Yukon and the heaviest mining operator in the whole of the north is in the city and is interesting himself in several branches of mining in Edmonton. He has already acquired a stone quarry at Victoria on the Saskatchewan, and has taken up some coal property to the west of the city. He proposes to put boats on the river and to operate the coal propositions on an extensive scale. He says he has spent his last winter in the Klondike and will hereafter be a citizen of Edmonton for most of the year, although he still retains interests in the north which will probably take him there every summer. He is spending today with his friends, Noel, Noel & Cormack, solicitors, and will remain in the city until Monday when he leaves for the east to arrange for the steamers which he proposes to place on the river next summer.

VEGREVILLE TRAGEDY.

Bulletin Special.
Vegreville, Nov. 1.—A young man was accidentally shot and killed in the east part of the town this morning. It is said that he and a fellow room-mate were moving their effects when the rifle was discharged inflicting a mortal wound. An inquest will be held this evening. His name is at present unknown.

AUSTRIAN DUKE DEAD.

Bulletin Special.
Vienna, Nov. 1.—Archduke Otto, the second son of the Emperor's eldest brother Ludwig, died this evening. He was born on April 21, 1865 and has been seriously ill for some months.

NEW LAND DISTRICT.

Bulletin Special.
Moose Jaw, Sask., Nov. 1.—A new land district will shortly be created in Saskatchewan by the Interior Department. Moose Jaw will be the center of a large district south to the boundary and north to the Saskatchewan river and west into Alberta. Suitable premises will be leased and an office staff of twenty employed.

EDMONTON WARDROBE.—J. H. MORRIS & CO.

Charge City Engineer With Malice Amounting to Fraud

(Continued from page 1)

There have been time and time again forced to close down the works and discharge their men, thereby entailing great loss and rendering it very difficult to secure labor when the work was afterwards ready to proceed. This especially applies to the Carson trench machine, for in order to render the said machine profitable at all it is necessary to keep it working continuously and with as little interruption and delay as possible. As to the Fifth Street sewer, on the 19th of September the steam shovel was placed at the corner of Fifth street and McKenzie avenue to lay the pipe sewer on Fifth street. We were promised before the machine was taken to that point, by the City Engineer that the grade stakes and necessary pipe would be ready on the ground at the time the machine arrived there. Instead of being ready however, as promised no stakes were placed in the ground to enable the contractors to find the line for excavating and as a matter of fact the course was not marked out until the first of October and as a consequence no work could be done until the second day of October. During this period, however when the contractors fully believed the engineer would carry out his undertaking, they from day to day had labor engaged both for running the machine and for such other work as was necessary, entailing a loss each day of \$62.85.

(4) On September 26th the engineer promised to give us written permission to tunnel for the large sewer, but although we have requested him to give us such written permission on many occasions, the same has not yet been given us. The engineer for no reason that we can discover, either refuses or delays in giving same. Under our contract, it is necessary to obtain the written permission of the engineer before tunnelling work should be done. This will entail a serious loss.

(5) Another grievance and a very important one, is the fact that the City Engineer or those under him, has induced men in our employ to leave us and engaged them at other works in the City offering higher pay as an inducement, notwithstanding the fact that it was arranged between ourselves and the City Engineer that the prices paid for labor should be uniform. We find that one of the most obnoxious of the inspectors appointed to oversee our work was a former servant of ours, whose services we had dispensed with, from whom we contended we have received most unfair treatment, details of which we are prepared to give if required.

"As before stated we contend that a breach has been made in the contract on the part of the City for the reasons given above and as a compromise we make the following offer, without prejudice to any of our rights, namely:

"We will assign our contract to the City in consideration of the City assuming all liabilities for wages to date and purchasing our plant and material as they now stand and paying any initial expenditure to which we were put when we entered into the contract. We are also prepared to give a lease of the large trenching machine to the City for a period long enough to enable them to finish the works contemplated by the said contract. We submit that we have at all times done our utmost to carry on the work with as much dispatch as possible, having provided ourselves with the best plant and machinery obtainable and done all other necessary things to carry out the contract as fully and completely as required.

"Failing a satisfactory settlement we will be compelled to take such proceedings against the city as we may be advised."

S. B. WOODS,
Deputy Attorney General.

NOTICE
THE LIQUOR LICENSE ORDINANCE PROVINCE OF ALBERTA.
Application has been made by Robert B. Cronn for a hotel license in respect of Cronn's European Hotel situated on part of Block A, River lot 6, in the City of Edmonton.

This application will be considered by the Board of License Commissioners at a meeting to be held at Edmonton on Tuesday, November 27th, 1936, at 3 o'clock P.M.

Dated at Edmonton this 31st day of October 1936.

TENDERS FOR A LICENSE TO CUT TIMBER ON DOMINION LANDS IN THE PROVINCE OF ALBERTA.
SEALED TENDERS addressed to the Commissioner of Dominion Lands Department of the Interior and marked on the envelope, "Tender for Timber on Lot 1294," will be received at this Department until noon on Wednesday, the 5th day of December, 1936, for a license to cut timber on Lot No. 1294, situated in the Province of Alberta on the Southern side of the Rupia River, commencing at a point on the said river one mile in direct distance up from the mouth of the same thence up stream 4 miles in direct distance with a depth on said Southern

side of said Rupia River of 1 1/2 miles, measured at right angles to the general bearing of said river within the berth, containing an area of six square miles, more or less.

The berth must be surveyed by the grantee within one year after the granting of the berth.

The regulations under which a license will be issued, also printed forms of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at Edmonton, Alberta.

Each tender must be accompanied by an accepted cheque on a chartered bank in favor of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license.

No tender by telegraph will be entertained.

PERCY G. KEYES,
Secretary.
Department of the Interior,
Ottawa, October 29th 1936.

CASTLE HOTEL OPENED.

The Castle Hotel was formally opened last night at 6 o'clock by a dinner given to about one hundred guests. A very pleasant time was spent and several speeches were made in congratulatory terms of the excellent equipment and service. Irving's orchestra played throughout the evening their best selections and were warmly congratulated by Manager Spurrell. The full staff have been engaged and the furniture is all in place, and already a large number of the rooms are occupied.

The hotel is built by the Castle Hotel Co., Limited of which Mr. Spurrell is manager and Dr. C. H. Stuart Wade J.P., president. It is built after the style of the old baronial castles of England with Egyptian decorations in the interior. The furniture throughout, except the bar which is of golden oak with mahogany top, is of antique design in weathered oak.

The building has been under construction all summer and the greatest care in workmanship and material has been observed. It is the intention of the company to erect a verandah when the level of the street is fixed. An interesting and wise device in the lighting is a red electric light at the end of each hall indicating the fire-escape.

WILL FIGHT IN THE COURTS.

Bulletin Special.

St. Paul, Nov. 1st.—A battle approaching for Minneapolis grain trading interests, and the district court of Hennepin county will soon have to act as a battleground for the last stand of bucket shops and all enemies of the chamber of commerce.

INVESTIGATING THE WRECK.

Bulletin Special.

Atlantic City, Nov. 1.—The inquiry in the thoroughfare disaster of Sunday was begun today by Coroner Casskill and after the examination of several witnesses an adjournment was taken until Monday.

80,000,000 BUSHELS
Ottawa, Oct. 28.—Dr. Saunders, director of experimental farms, says that from personal investigation and private letters, he estimates the western wheat crop at eighty million bushels. Charles Parmelee, Deputy Minister of Trade and Commerce, thinks it will be eighty-five.

WILL ENTERTAIN
Ottawa, Oct. 28.—T. G. Nosse, Consul General for Japan, next Saturday evening, on the occasion of the birthday of the Emperor of Japan will give a great dinner, to which the parliamentary leaders, railway magnates of the Dominion, and many other guests, both from Canada and United States will be invited. The event promises to be one of the best and most unique banquets of the season.

THE COAT PAR EXCELLENCE

The Dress Coat Suitable for Any and Every Occasion.

No costume that is at present in general use by men presents more advantages than the frock coat. It shows off a good figure to advantage, while concealing the defects of a poor one. Because they make 100 frock coats every week, the Semi-Ready frock coat is better made than any custom tailor making 10 in a season can possibly make one. For \$25 one can buy a Semi-Ready frock coat, vest and trousers, made in fine black chevrons. Silk linings and facings make the suit cost a little more. Dress suits and Tuxedo jackets made by the Semi-Ready Company are equally good and reasonable in price. Kelly & Moore will show the real Semi-Ready label to anyone. It is on the inside pocket of coats, trousers and overcoats.

**Secret of Good Bread****Is Good Flour**

The inexperienced housewife can have the very best aid in making the finest Bread by using

PURITY FLOUR

Made in the most modern mills in the world from nothing but the choicest Western Canada Hard Wheat. It yields the largest amount of nutriment and is the most economical and healthful.

JOB'S COMFORT

Hon. George E. Foster went before his constituents in North Toronto a few evenings ago and Mr. McWhinney his leading official supporter in the riding took occasion to express a hope that Mr. Foster would be able to clear his good name from the tarnish that had been put upon it by the disclosures of the insurance commission, in which even Mr. Foster would not have to retire from public life. The remark was not intended as a joke either.

DEFENDING THE INDEFENSIBLE

The Mail and Empire still strikes blindly in defence of the indefensible "league of plunderers" and of Mr. Foster's reception in St. John says:—"It would appear that the Laurier attempt to injure the former Finance Minister by lying about his private business has made Mr. Foster stronger than ever with his friends."

If puerility and petulance are signs of falling powers the Mail is hard driven.

Upon the basis of a premise known to be untrue by every newspaper reader in Canada the Mail erects a conclusion which may or may not be true according as to who may or may not be considered Mr. Foster's "friends." The Canadian Insurance Commission is the direct result of the disclosures made by the investigation carried on in the United States and in demanding a similar investigation into Canadian insurance methods Conservative journals—there were exceptions—were quite as insistent as their opponents. But that the opinions of the Conservative press on the subject of investigations have undergone a remarkable revolution during the past few months there is abundant proof from the columns of the journals themselves.

A few months ago when the companies under review were those in which prominent Liberals were interested these journals could not find language capable of enumerating public benefits bound to result from the inquiry. But when the searchlight was turned nearer home and the doings of the Mail's "friends" came under observation "a change came o'er the spirit of their dream". Doubt began to creep into the columns of these organs as to whether after all the public good was to be conserved or furthered by the proceedings and in the case of the Mail the doubt appears to have speedily settled into a firm conviction that what Mr. Foster does with the money of other people is the purely "private business" of Mr. Foster.

But the manner of the defence is of less consequence than the fact that the Mail undertakes the defence. What Mr. Foster and his "friends" connived in secret, this the Mail attempts to justify in public. In doing so it follows the lead of Mr. Borden and completes the official acceptance by the Conservative party—of the responsibility of maintaining these gentlemen in the positions they have heretofore occupied in its councils and of defending them before the country. Whatever therefore may be the private opinions of Conservatives throughout the country or whatever the utterances of the more outspoken journals which uphold their views the party as a party stands pledged by the attitude and word of its official leader and its official organ to maintain Mr. Foster and his associates in their positions in the party and to justify before the country their speculations with money which did not belong to them.

THE MANDATE OF MR. MCLEOD

Mr. H. H. McLeod, chief engineer of the Canadian Northern delivered himself in no uncertain manner yesterday regarding the local railway situation, a manner indeed so emphatically certain that it appears likely to defeat the only purpose which could justify a pronouncement by Mr. McLeod on this matter—that of inciting public sympathy to the company he represents. It was the purpose of the rains were sadly unsuited for sympathy is not won by a deliverance which savors more of an ultimatum than an appeal, which begins with an insult and ends in a threat, and which contains more of heat than courtesy, yet more of courtesy than prudence.

Mr. McLeod begins with a suggestion of doubt of the official integrity of the mayor and city solicitor, a compliment the delicate courtesy of which is completed by the fact that it is tendered

at a time when the gentlemen concerned are absent from the city. And had Mr. McLeod reflected he must have seen that he was handling a weapon quite as dangerous as dishonorable. Whatever the Edmonton people may or may not think of the official independence of Mayor May or Solicitor Beck they are laboring under no mistake or uncertainty as to the official independence or dependence of Mr. H. H. McLeod. And when the latter gentleman is pleased to express sentiments of unfriendliness toward the officials of the city the people of Edmonton will understand that he is expressing also an impression that these officials are not doing the bidding of the C.N.R., an offense for which they will be forgiven. If Mr. McLeod is unable to bring himself to believe that the people of Edmonton endorsed the Grand Trunk Pacific agreement intelligently then the acute observation characteristic of his class fails at least one member of that class when it is applied to objects other than the landscape.

The engineer enlivened his remarks with a threat that: "The Canadian Northern will not enter into a union station agreement with the Grand Trunk Pacific if the monopoly privileges are granted to that company." Candidly we believe that Mr. McLeod is bluffing. Whether or not the Railway Commission would have jurisdiction in such cases it is doubtful if the city would be obliged to ask for it. The plan of the C. N. R. is that the Grand Trunk Pacific terminals will be nearer the business centre of the city than their own. If therefore the Grand Trunk Pacific and the Canadian Pacific decided to establish joint terminals on the Grand Trunk Pacific property, we have a notion the Canadian Northern Railway would be considerably more anxious to get into those terminals than anyone else would be to have them there—anyone enough to even set aside the pronouncement of Mr. McLeod.

Assuming Mr. McLeod's purpose to have been the awakening of public sympathy it appears to us he has gone about it in a singularly unfortunate way; supposing it to be the incitement of public hostility, he has adopted an admirable method. An engineer Mr. McLeod undoubtedly is; a peacemaker he is undoubtedly not, and the Canadian Northern Railway would be well advised to confine his services to that branch of the railroad's activity for which his qualifications have been proven.

'Semi-ready' dress clothes are the highest expression of art in tailoring

THE best tailor in town makes only 3 or 4 dress suits in a year. They are novelties with him, and their style and making are pretty much an experiment. That is why so many gentlemen look like waiters when they put on dress clothes.

The design of the Semi-ready dress suit is the work of a sartorial artist of the highest rank. The suits are tailored by men who do nothing else—they are specialists in the tailoring of dress clothes.

Semi-ready dress clothes are made of lightweight unfinished worsteds. The coat is delicately designed, as the parts are smaller than in any other style. The balance and lines are such as to show the figure at its best. The shoulders are broad yet natural form.

The Semi-ready dress suit is made with a longer lapel, rolling to within two and a half inches of the waist, with considerable convex on crease, and a softened point at bottom of lapel instead of the usual harsh point.

On account of the carefully designed lines, the coat adheres closely to the figure, the skirt is more shapely and sets smoothly over the hips.

The skirts are longer, tapering towards the bottom with slightly rounded corners. The illustration shows these lines.

If you wear a dress suit at all, it should be correct in style and tailoring.

We would like to show you how

sumptuous the Semi-ready dress suit and tuxedo are. Will you call in?

A Range That Burns All the Coal

MOST likely you have been throwing away good coal every day without knowing it.

Coal that is only partially burned in the fire-box.

Because, with the ordinary range draft, the air current only strikes part of the fire.

Usually the damper door on such a range is situated at one end of the fire-box.

Which makes your fire hot at the draft end and cold at the other end.

Or the damper is perhaps on the left side of the stove, which makes an uneven fire for the same reason.

You are not only losing fuel, but your cooking and baking is unsatisfactory, for you cannot get a uniform heat.

Now, the draft in a Monarch Range is entirely different.

Instead of one damper door, there are two, one in each end of the fire-box.

These form a double or Duplex Draft, and both are regulated by the same handle.

So you get two direct currents of air at the same time, and your fire burns smoothly and evenly.

You open both drafts simultaneously and shut them off the same way.

The draft striking the fire from both directions consumes all the fuel, and gives you all the heating power from the coal.

When you empty the ash-pail in a Monarch Range, you are throwing away ashes—and ashes only—not coal.

And in addition to this, the Monarch is constructed of Steel and Malleable Iron, which can be riveted so tight and solid that no air-leaks can possibly happen as they do in cast iron ranges.

The top is Malleable Iron, polished and bright. You can keep it clean without smearing your range with blacking which gets on the cooking vessels, to make more work for you.

A \$1.00 Cook Book Free

The Monarch Cook Book, written by Mrs. Helen M. Thompson, an acknowledged authority on domestic science is a Real Book, not a cheap circular. All pages bound in cloth on board covers—a book that would cost \$1.00 at the book stores.

It contains 388 recipes, many of them new, all simple, easy to make and inexpensive. Has practical hints for the whole year and many valuable hints on diet and marketing.

You can get it without cost if you intend buying a range or cook stove within a year. HOW TO GET IT. Cut out this advertisement, mail it to the Malleable Iron Range Company, Box 100, Wm. and tell them WHEN (stating month if possible) you expect to buy and you will secure this valuable book free. As the edition is limited, write now.

City Council

NET LAST EVENING

Routine Business Transacted
By the Aldermen

The city council met in special session last night.

Under the head of communications a wire from the Dominion Carbolium works was read stating that their offer would be held open until November 15th.

In the same connection a wire from the mayor was read advising the council to delay action on the paving proposition until he should return, as he had important information.

Mayor Groat wrote asking that a sidewalk be advertised from the end of the Jasper avenue walk to the Great estate. The commissioners recommended that the work be laid over until the spring.

The Windsor livery in Strathcona presented a bill for a team used during the manufacturers' entertainment, which he said was ordered by phone, but to whom it was supplied or by whom ordered the proprietor apparently was unable to state. The account was referred back to the liveryman with a request for further information.

The Retail Merchants' Association wrote asking for an extension of the fire limits. The letter was filed, and the secretary of the association notified that the council had the matter under consideration.

The following petitions for a sidewalk were granted:

On the west side of McDougall from Sutherland to Helmick was granted.

On the east side of Thirteenth, from Victoria to Jasper.

On the east side of Ninth from Victoria to Mackay.

Petitions for water and sewer on Fraser avenue from Sutherland to Ross. The petition was granted with the understanding that the water would be put in as early as possible, but that the sewer was impossible with the present system and must be delayed until next year.

A petition for a crossing at the east side of First, across Jasper, was presented and granted. This was the crossing which Alderman Griesbach wanted a week ago and which was voted away from him by the council.

The commissioners and solicitor, instructed to look into Taylor & Lockhart's claim for damages by fire to a team on the nuisance ground, reported that in their opinion the city was not liable. On motion of Alderman Griesbach the report was referred back to the commissioners for a further report showing the facts of the case and a report on the conditions of the team.

The commissioners reported adversely on a petition for a crossing on Namayo at Edmonton street. The report was adopted.

The commissioners also reported that they found nothing detrimental to the city's interests in the application of the Saskatchewan Valley & Hudson's Bay Railway to the Dominion government for a charter.

Alderman Griesbach's bylaw proposing to enlarge the council to 12 members was laid over for one week at his request.

When the accounts were presented Alderman Griesbach put in a protest that the accounts were usually passed without very serious consideration on the part of the council and that there was very little to acquaint the council with the individual accounts such as would give the aldermen any proper idea of what the accounts were for, nor were there any correct numerical tab kept on the accounts so that they could be turned up at any time. He proposed to number the account slips.

Alderman Bellamy said that as chairman of the finance committee he did not examine the separate accounts, as he considered the system was very much a matter of form; the system was such that practically all that was left for the council was to pay the accounts contracted by the commissioners.

Ald. Griesbach's idea was adopted and hereafter the account slips will be numbered.

The final report of the Manufacturers' entertainment showed a total expense of \$1139.

Alderman Griesbach moved a resolution that in the opinion of this council, if the Canadian Pacific Railway railway should build a high level bridge between Strathcona and Edmonton that such bridge should be provided with facilities for vehicular traffic and that in view of the extra expense of such facilities the government of the Dominion of Canada and the government of Alberta be asked to grant sums of money to defray such expense, and that copies of this resolution be provided the representatives of this constituency and Strathcona in the federal and local houses.

The motion was put and carried. Alderman Bellamy wanted to know what the milk inspector was doing besides drawing his salary. He had only seen one report, in which the inspector reported that he was sending samples with which he was not satisfied away for further analysis. Nothing more had been heard of it.

The secretary stated that the particular matter referred to was in the hands of the medical health officer. The inspectors' reports to date were produced, showing that he had inspected the dairies of the city every two weeks. There was nothing in the report to show that the milk was inspected on the streets.

SUPREME COURT.

A session of the Supreme Court of Alberta will be held in the court room, Sandison block, Edmonton, on Nov. 6th. Hon. Justice Sifton will preside. The following are the cases that will engage the attention of the court:

Criminal cases—Rex vs. Kerr, Rex vs. Kerr, Rex vs. D'Amor, Rex vs.

Mitchelson, Rex vs. Mahadian, Rex vs. Symy, Rex vs. Cable, Rex vs. Pantelle, Rex vs. Schuster, Rex vs. Miller.

Co. vs. Legasse, Redfern vs. Maxfield, White vs. Daly, Edmonton Brick Co. vs. Sandison, Page vs. Groos, Laprele vs. Revillon, Miller vs. Muds, Mountfield vs. Boyaner, Martin vs. St. Albert Milling Co., Delorme vs. Tegler, Union Inv. vs. Pullishy, Moses vs. Bible, McIntyre vs. Stephens et al, N. Alberta Thresher vs. Falkenberg, Ballis vs. Wilson, Larue vs. Worsley, Shadleton vs. Little, Dumas vs. McNamara, Revillon vs. Derome.

Small debt cases—Roy vs. Paradis, Wardner Bushnell vs. Mlynk, Peterson vs. Hallett, Braetz vs. White Whale Co., Vogel vs. Hulme, Lister vs. Vizina, Lalumiere vs. Potter, Fisher vs. Hostyn, McNab vs. Whitelaw Co., Ont. Wine Co. vs. Symington, Weiderhammer vs. Hallinger, Federal Life vs. Brazeau, Dickson vs. McNamara, Burroughs vs. Napp, Latta & Lyons vs. Strong Bros., Parslow vs. Gibson, Kerr vs. McLean, Cameron Co. vs. Mays, Ferbej vs. Chlodnick, Cameron Co. vs. McIntosh & Campbell, Cameron Co. vs. Macleod, Murphy Co. vs. R. C. Co-operative, Moss vs. Storey, Wallbridge et al. vs. Ross, Lee et al. vs. Ross, Dumas vs. Morin, Edmonton Print. Co. vs. Edmonton Board of Trade, Meyer vs. Tilton, Bolster vs. Nelson, Morris vs. Harlan, Pare & Co. vs. Boldue, Sharp vs. Martin, Fuller vs. Herrick, Morris vs. C. P. R., Stapley vs. Johnson, Melnyk vs. Holowacz, Melnyk vs. Wojciech, Bokenfork vs. Hehsdoerfer.

ADDITIONAL LOCALS.

—Mrs. E. A. Frathen and her daughter arrived yesterday from London, England, at the Pendennis hotel, Edmonton. She was met by Mr. W. H. Frathen her son, who lives at Spruce Grove. They drove out to their new home this morning.

—The boarding was removed from the front of the Crystal Block on Jasper avenue today. The front is one of the most beautiful and the most modern in the city. The upper part of the front is filled with luxuriant prism which greatly increase the illumination within the store. Sidewalk prisms also help to better light up the cellar.

—Mr. F. E. Aikman organizer of the Canadian Benevolent Protective Order of Elks organized and instituted a lodge of the order last night in Edmonton. The lodge premises to be one of the largest ever organized in Canada. A full account will appear in tomorrow's issue.

This range's oven is rather larger than seems necessary, but you'll like the extra room, since it takes less fuel and less fuss to do better baking. Oven lined with heavy asbestos to keep heat where it belongs; top, bottom and back uniformly thick.

 A black and white illustration of a woman in a kitchen, kneeling and using a long-handled tool to retrieve a large roast from a deep, built-in oven. The oven is integrated into a large, dark-colored kitchen cabinet or range unit. On the countertop above the oven, there are several items including a bowl, a small pot, and a container. The woman is wearing a light-colored dress and a headscarf. The background shows a tiled floor and a window with a view of a landscape.

DAMAGES AWARDED.

Bulletin Special.
St. Paul, Minn., Oct. 31.—The case of Mabel B. Barret by her guardian the Northwest Trust Company, against the Soo railroad which has been on trial before Judge Orr in the district court, has been settled for \$15,000.

The case arises out of the collision on the Winnipeg branch of the Soo railroad at Detroit, Mich., 1905. The plaintiff, fourteen years old, was on the caboose of an extra freight train with her father and mother and stepfather, George W. Smith, conductor of the train when the accident occurred. Mrs. Smith was killed outright her head and one arm being severed from her body. Mr. Smith was pinned in by the debris and while in this helplessness was slowly scalded to death by escaping steam. Miss Barrett, the plaintiff, while also pinned by the wreck and suffering from fright, retained consciousness and saw her mother's mutilated form and the dying agonies of her stepfather. She was for several months in the city hospital in St. Paul, and compelled to submit to several operations to save her life. It was found that several ribs were fractured, the right leg injured so badly that it had to be amputated, and other serious injuries sustained.

SUICIDED WITH GAS.

Bulletin Special.
Port Hope, Ont., Oct. 31.—F. J. Jackson, manager of the Bell Telephone Company suicided this morning by inhaling gas. He was found dead with the rubber tube from a gas range in his mouth. No reason in assigned for his dreadful act.

WINNIPEG ASSIZES.

Winnipeg, Oct. 31.—Michael Huduk and Danilo Kanyio, charged with beating a man to death during the progress of a wedding celebration on the day of the Russian green feast, June 4th, on Magnus street, Winnipeg, were today by a jury to be guilty of manslaughter. Fred Posternuk was acquitted. Sentence was deferred. The assizes of Winnipeg have now been sitting for eight days and all but one of the cases have been among these people or other foreigners, necessitating the use of interpreters beside the witness box and the jury and the prisoner's box all the time. In the one English-speaking case, concluded the chief justice ordered the prisoner to be released, his crime being trivial and the prisoner having already spent 7 months in jail awaiting trial. All the foreign cases are really serious charges of murder, manslaughter, arson, housebreaking, theft, assault, and a remarkable curious one of criminal libel against a Hungarian priest by a Polish newspaper. The assizes, from all indications will last well into the winter, there being now about 75 indictments.

COBALT MINE SOLD.

Bulletin Special.
North Bay, Oct. 31.—Quite a sensation was caused in Cobalt amongst camp to-day by the sale of the Red Rock property to A. T. Oster and three other Toronto capitalists. The purchasing syndicate have had an option on this property for some time, but recent discoveries made the original owners rue their bargain, and a hard fight was made to retain the property. \$25,000 was sent to Cobalt through the Bank of Toronto on Saturday to bind the bargain the option expiring on that day.

SENATOR GETS BUSY.

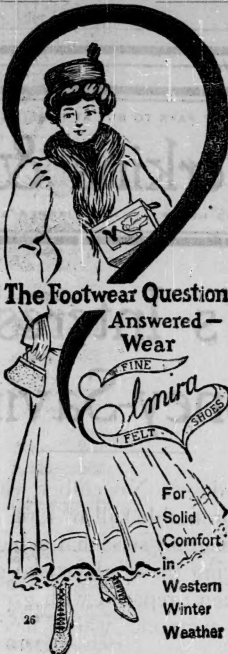

Bulletin Special.
Toronto, Oct. 31.—The World says today that the newest sensation in Cobalt is the report that Senator George A. Cox has got in with both feet. He took a quit trip up there the other day without being recognized, spent three days looking at the actual mines and veins and made only one remark on his return: "We Canadians do not know what we are letting by us." So he has gone into the syndicate organized by Clarence G. McCuaig a well known broker, to take over and reorganize the Trethewey Silver Cobalt Company.

TO SETTLE COAL STRIKE.

Bulletin Special.
Regina, Oct. 30.—Three Ministers of Agriculture for Saskatchewan and Alberta are to meet on Lettbridge next with the coal operators and miners or the purpose of trying to settle the difference and relieve the coal situation which is becoming daily serious in the country.

The quantity of wheat delivered at country points along the C. P. R. and C. N. R. since the opening of the season until the present is estimated at 30 millions as against 23 million bushels during the same period last year. During the same period only 3 1/2 millions have been shipped to Fort William and Port Arthur as against 12 millions last year in the same time.

Lacombe has formed a hockey club with the following officers: Hon. President, E. K. Strathy; Hon. Vice-President, Rev. H. E. Gordon; President, N. Morrison; Vice-President, D. M. Horne; Sec. Treas., N. E. Carruthers; Corresponding Secretary, W. W. Brown Executive J. K. Illsley, J. Greenhill, and the officers of the J. K. Illsley club; Captain, J. Greenhill; Referee,

Cashmere Hose

Ladies' Cashmere Hose, extra quality, plain, seamless, all sizes, per pair 25c

Editorial

"Our progressive method of buying close and selling quickly at a low profit to keep things on the go, coupled with extreme care in selecting only the most seasonable and dependable goods—at prices which people want to pay—are bringing new customers every day. We would rather make twenty sales at a profit of five cents each, than to make one sale at a profit of one dollar. It requires twenty times as much work to make that dollar, but it brings us in touch with twenty to one more people. As our experience has taught us that a pleased customer is the best advertisement, we are the gainer, because the more pleased people going out of this store, the greater the strength of the advertising force of the public opinion in favour of this store."

F. PERKINS & CO.

Weekly Page of Fashion Notes

AN OUTFIT FOR THE BOY

Clothing the boy is quite an item of expense if all the young man's outfit must be purchased ready made. Furthermore, many a mother prefers to fasten on the idea of having and for her benefit the accompanying suggestions are given. The shirt waist shown has shaped yokes and three-box plaits in front. The sleeve is finished with a narrow cuff close with links. The collar may be made of the waist or the neck finished with a neck band for flon or other linen collars. Linen, madras or flannel are the materials most used for boys' waists. The

trousers are simply made and cut after the latest mode. Pockets on the side make the boy feel that he is true descendant of his father and are very convenient. Skirts are provided for a leather belt. Cheviot, serge or homespun may be the material used for the trousers and for the medium size the pattern calls for 5-8 yards of 54 inch material. For the waist 2-3 yards of 38 inch material are needed.

A SUGGESTION IN SERGE.

Serge is one of the tried and true fabrics which mothers everywhere utilize for children's dresses. A dress of this material which has been a favorite of those who make the smart frocks is sketched. The waist portion is tucked and box plaited in pleasing effect while the skirt falls full from the long-waisted belt. The latter feature may be omitted in the dress for a small girl and either petticoats or bloomers may be worn with it and be of the same color. From the medium size the dress requires 2 1/2 yards of 44 inch material.

A BECOMING FROCK IN SHIRT WAIST STYLE.

The shirt waist model is largely used by mothers for fashioning all young girl's gowns. The new models for these show a quantity of plaits and one of the kind is sketched.

Two box plaits at each side of the front are combined with tucks stitched to gold depth the point and to the waist in back while the two are combined in

the skirt. The dress is one very attractive no adornment to render it nice live in light worsted or serge and enough for any kind of wear. If a simple party frock is desired the neck may be cut low in Dutch square out with elbow sleeves to complete it. Then a soft silk or cloth might serve as material. For the medium size dress requires 4 1/2 yards of 44-inch goods.

AN EXCELLENT FIVE GORED SKIRT.

For general wear there is no skirt which is so pretty and so serviceable as the gored one. Many women like to fashion their skirts at home and a model which is easily put together and finished is sketched. The skirt is on five gores with the necessary smooth fit over the hips and wide flare at the hem. It is a style of skirt which makes up well in the heavy fabrics, like serge, broadcloth or homespun, as well as the lighter cloths and worsteds. The trimming bands about the lower edge as suggested on the drawing are of the skirt material and finished with cloth-covered buttons. For the medium size the skirt requires 5 1/2 yards of 44-inch material.

A SIMPLE DRESSING SACK.

One does not always care to have an elaborate negligee to slip on the morning or while taking the afternoon nap and for such the design shown will be pleasing. It may be developed in challis, French flannel, silk, eiderdown or a washing fabric with ribbon, narrow silk pleating or lace edging the collar and sleeves. A standing collar may finish the neck or the

pretty one shown while the sleeves may be in bishop style with the cuff or flowing. For the medium size 2 1/2 yards of 44-inch material are needed.

KINDS OF USE

AN EXCELLENT COAT FOR ALL.

The straight hanger box coat is considered the best style for small maidens inasmuch as it will serve for any gown over any frock without crushing it and is simple enough for youthful wearers. A vast amount of style is expressed in the well-cut box coat and the one shown is double breasted, a mode which gives the appearance of vigor and robustness to small wearers. The neck may be closed snugly to the throat with a shield having a low standing collar or it may be worn

without this accessory as well as the rolling collar. The cuffs are of the smart turnback variety which appear grotesquely fetching about small hands. The buttons may match the trimming of collar and cuffs or the material the coat itself. For the medium size 2 yards of 54 inch goods are needed.

NO EXORBITANT PROFITS

Slater Shoes Made and Marketed to Protect the Buyer.

"We want shoes upon which we can place our own profit," said a shoe dealer, who was discomfited with the stamped price and fixed profit on the Slater Shoe.

The Slater Shoe system protects the shoe wearer from exacting exorbitant profits. It further enables the maker to make a first-class shoe and allows the dealer a fair profit. Both price and trade mark are stamped on the real Slater Shoe, and the buyer who is careful to see these cannot be deceived. Slater Shoes at \$4, \$5 and \$6 for men, and at \$3.50, \$4, and \$5 for women are all God-year welled and warranted.

J. J. MERCER, Agent Edmonton

LOCAL

—There is no snow at Athabasca Landing.

—Services celebrating All Saints' day were held in All Saints' church yesterday.

—A. W. Cameron has installed a steam heating plant in the Edmonton Opera house.

—The police court record for October was 48 arrests 54 informations, making a total of 102 summons issued to appear.

—Premier Rutherford and Hon. C. W. Cross will return this evening from their trip to Ottawa, where they attended the convention of Provincial printers.

—Rev. Dr. Daly of Wetaakiwi will conduct the services in connection with the re-opening of Grace church on Sunday next.

—The Pringle Comedy Company will appear in Rip Van Winkle to-night at the Edmonton Opera House and also at Saturday matinee.

—The police found a purse on the street at A. Crystall's corner this morning containing a small sum of money and a railway ticket to Morinville.

—Special meetings will be conducted at the Salvation Army barracks on Sunday, Nov. 4th by Brigadier Burditt of Winnipeg. All are welcome.

—A meeting of the students of Alberta College will be held in the assembly room of the college this evening to nominate the officers of the Literary society.

—A meeting of the printers of the city will be held this evening at eight o'clock at the Bulletin office for the purpose of organizing a hockey team to enter the proposed city league. All interested are invited.

—The revenue collected by the police department for October for licenses, not including dog taxes, poll taxes or fines, was \$415.25. The total since May 31st until Oct. 31st, is \$11,010.75.

—The bricklayers on Revillon Bros.' new building set up small stoves on the scaffolds this morning upon which are placed their mortar boards to keep the mortar in workable condition.

—The Knights of Pythias Lodge of Edmonton have arranged a big benefit for their organization next Wednesday night at the new Opera House, when the Amson Opera company will present Gilbert & Sullivan's comic opera "The Mascot" in three acts.

—The Pringle company played Uncle Josh to a fair sized audience at the Edmonton Opera house last night. Specialties were introduced during the acts by Florence and Johnnie Pringle and Edwin Barton. The audience was evidently well pleased with the performance throughout.

—The young men of McDougall Methodist church are organizing a young men's club. A meeting will be held next Thursday evening, Nov. 8th, in the church for that purpose. All young men are cordially invited.

—Mr. Charles B. Perkins, of the firm of F. Perkins & Co., purchased the three lots on the southeast corner of Victoria and Seventh streets yesterday from Mr. A. York for \$10,000. This is one of the best residential sites left in the west end.

—Manager Joe Duhamel of the Intermediate hockey team, said this morning he had completed his team which will go into training next week under Trainer Geo. Scott. Those on the team are Harold Grady, Gordon Haskell, Russell Johnston, Gordon and Chester Banford, Ernie Clark, Eddie Bolder, Oscar Hetu and Powell.

—Next Monday evening, Nov. 5th, the choir of Grace Church will give a concert for which an excellent program has been prepared including numbers by Miss Eva Scythes, soprano; Mr. Jackson Hanby tenor, and Vernon Barford, pianist. The concert is given in connection with the re-opening services of the church.

—Mr. H. A. Fleming, manager of the Bank of Nova Scotia, Halifax, and secretary to the board of directors, and Mr. John McKen, manager of the Bank of Nova Scotia at Amherst, N.S., who have spent the last ten days in Edmonton left yesterday afternoon for the Pacific Coast. Mr. Fleming was sent out by the management in Nova Scotia to look into financial and trade conditions in western Canada and after visiting Winnipeg, Regina, Saskatoon, Prince Albert, Calgary and Edmonton expresses himself as highly pleased with the wholesome and progressive spirit that pervades the Canadian west. Both Mr. Fleming and Mr. McKen have been very favorably impressed with Edmonton. Mr. Fleming, Mr. McKen, and Miss McKen accompanied them. Mrs. Fleming is a sister of the Hon. W. S. Fielding, minister of finance.

SOCIAL AND PERSONAL.

Mrs. McKay and Miss Hattie left yesterday on a visit to Calgary.

A. C. Ross of Calgary is at the Hotel Cecil.

Mr. R. J. McKenzie, treasurer of the C.N.R. system, left for the east this morning by special train at 7 a.m.

CITY NEWS

SOCIAL EVENTS.

Now that the weather is getting cooler, and king frost has come, the social world is getting more lively.

During the week Mrs. Thibault gave a small and informal "tea" for her sister Miss Gascogne, of Montreal, who left on Saturday for her home in the east.

Mrs. Manuel gave a children's masquerade dance Wednesday evening, which proved to be one of the prettiest events ever taken place in Edmonton. The costumes were elaborate and showed that no time or pains had been spared in preparing them.

On Tuesday afternoon Mrs. Graydon was the hostess of a large "Tea". Mrs. Graydon received in the spacious hallway. Little Miss May was in charge of the door. Harper's orchestra was present and stationed in a little alcove from the hall. Mrs. Braithwaite was in charge of the tea room, while in charge of the coffee was Mrs. (Dr.) Ferris. Mrs. Day served the ices from a side table. The assistants were Mrs. (Dr.) Smith, Misses Lynch, Graydon and Beck. Among the other guests noticed were Mesdames Pardee, Jacobson, Wain, Wallbridge, Mackenzie, May, Short, Fraser, Ross and Sullivan.

Much curiosity was provoked last Thursday when the following invitations were received:

ALL HALLOWS

"Let Witches and Wizards all turn out To find what it is all about At half-past eight, you'll meet your fate"

At the Prince Arthur Cafe—So don't be late."

The expectations of the favored ones were fully realized from the time they entered the brightly decorated decorated cafe until the last dance had been played. The matrons and maidens who originated the idea and carried it out gave their guests a splendid time. The decorations were superb.

Decorating the walls were to be seen all spooky and creepy things and a black witch looking most dangerous was stationed at one end of the room mounted on a broom stick and trailing a large black cat. Dame Witch was the possessor of the fortunes. The blue room became the cave of mysteries and was the subject of much wonder. Here spooks in long red and black cloaks and red hoods predicted the future for the inquisitive. During the first part of the evening, different old fashioned games were played, fortunes told and one of the features of the entertainment was the "Jambourie" dance. Other novelties which added to the pleasure of Halloween were the Red River Jig and the Cakes Walk.

PROPOSED HOCKEY LEAGUE.

A meeting of the hockey men of the city was held last night at the Alberta hotel. The meeting discussed the formation of a city league and heartily endorsed the scheme. No league, however, was organized as all the city teams have not yet been formed. During the coming week all the city teams will be formed and a meeting for Friday, Nov. 9th, is called to organize the City league. Two delegates from each club are asked to be present. It is expected that there will be five clubs in the league, namely, the Bankers, the Intermediates, the High School, Alberta College and the Printers.

ANSELL UP TODAY.

The Ansell case is up in the police court this afternoon and preliminary evidence to establish a case of false pretences in respect of a \$10 check cashed by Edward B. Hopkins, of the Edmonton News Co., is being heard as the Bulletin goes to press. E. B. Cogswell is acting for the prosecution and J. E. Wallbridge for the defence.

The charge of fraud laid by Kenneth C. Pickel against both Mr. and Mrs. Ansell was first called. Mr. Wallbridge moved that as there was nothing to connect Mrs. Ansell with the case the charge against her be dismissed, and that the charge against Ansell be laid over. Mr. Cogswell consented to the dismissal of Mrs. Ansell and the magistrate thereupon discharged her. By consent of the attorneys the Pickel charge against Ansell will probably come up on Monday.

Edmund B. Hopkins was next placed on the witness stand and examined by Mr. Cogswell as to the representations which induced him to part with the \$10 for Ansell's check.
